

WHAT IS 'DIRECT ACCESS' COLONOSCOPY?

Direct access colonoscopy allows GP's to refer patients requiring Colonoscopy directly to Newcastle Endoscopy Centre thus reducing the cost & extended waiting period for an appointment with a specialist.

Referred patients are phoned by our trained nursing staff, at this time they are:

- Assessed for suitability for the service
- Informed about the preparation & the procedure
- Provided with information regarding risks & benefits of the bowel preparation & procedure
- Informed about costs
- Booked for the procedure with one of the reputable NEC participating gastroenterologists or surgeons
- Emailed an information package containing the above information

Referrals are accepted for privately insured or self-funded patients who:

- Have a positive faecal occult blood test result
- Have a family history of colorectal cancer (1st degree relative, diagnosed under the age of 55 years)
- Have had previous colorectal polyps, cancer, Lynch Syndrome & procedure is within timeframe as per proceduralist

AND

- Are between 24 & 74 years of age, in good health with no significant co-morbidities
- ASA 1-3 (stable)
- Have a BMI not greater than 38 & weight not greater than 125kg
- Have a support person to stay with them post procedure

Patients not suitable for Direct Access Colonoscopy:

- Present with obvious rectal bleeding
- Have had cardiac surgery or stent in past 12 months
- Have dementia, intellectual disability, major psychiatric comorbidity, or language barrier
- Are frail, symptomatic, or unwell
- Have major chronic medical issues
- Have poor mobility

All proceduralists at NEC have Gastroenterological Society of Australia (GESA) Colonoscopy Certification.

Participating Specialists:

- Dr Hasitha Balasuriya
- Dr Louise Clarke
- Dr Robert Foster
- Dr Brendan McManus
- Dr Marie Ooi
- Dr Peter Pockney
- A/Prof Stephen Smith
- Dr Alkesh Zala
- Dr Michelle Chen
- Dr Brian Draganic
- Dr Anil Koshy
- Dr Owen Morris
- Dr Marisol Perez Cerdeira
- Dr Michael Potter
- Dr Yamini Yadav

(NEC is a private centre- patients may self-fund – VMO choices may be limited as not all VMO accept self-funding patients – please select 'any doctor' or phone VMO direct to check, if you select a VMO who will not accept self-funding patients- the patient will be referred to a VMO who does accept self-funding patients).
