

MOVIPREP® ORANGE

PEG + ASC (Macrogol 3350 + Sodium ascorbate + Ascorbic acid + Sodium sulfate + Electrolytes)

MOVIPREP®

PEG + ASC (Macrogol 3350 + Sodium ascorbate + Ascorbic acid + Sodium sulfate + Electrolytes)

AS AN OUT-PATIENT

PATIENT NAME: _____

PROCEDURE DATE: _____

ADMISSION TIME: _____ To Be Advised day prior to procedure

NIL BY MOUTH (NOTHING TO EAT OR DRINK): _____ To Be Advised

SPECIAL INSTRUCTIONS: _____ If any, they will be in your SMS
the day prior to your procedure.

IMPORTANT

PLEASE READ AND FOLLOW ALL INSTRUCTIONS

Drink all the required fluids to increase diagnostic accuracy and avoid the possibility of a repeat examination.

MOVIPREP® - AS AN OUT-PATIENT

Preparing for your procedure

Your Doctor wants to examine your large intestine (also called bowel or colon). This is a simple process, but first your bowel must be totally clean so the Doctor can see clearly. Before your examination your Doctor wants you to take MOVIPREP®. This product empties and cleans your bowel.

DO NOT take oral medication 1 hour either side of drinking your MOVIPREP®. Please follow instructions given by your Doctor or Nurse regarding medication.

Please READ this leaflet carefully and follow the instructions. If you have any questions please talk to your Doctor or Nurse. You will be helping make sure the examination goes well by following all instructions.

Inform your Nurse or Doctor IF YOU ARE PRONE TO CONSTIPATION and / or YOU USUALLY FOLLOW A HIGH FIBRE DIET:

You may be asked to take a laxative such as MOVICOL® to overcome the constipation. If you are asked to take MOVICOL®, the dose is 1 sachet daily. This may be increased to 2 - 3 sachets daily if required. If more than 1 sachet is required then the dose may be split (eg morning & night). MOVICOL® is available over the counter from pharmacy or via prescription from your doctor. Please follow any instructions given by your Nurse or Doctor.

Day: _____ Date: _____,

3 Days Prior to your procedure, start a “low residue diet”

AVOID FOODS THAT CONTAIN NUTS, WHOLE GRAINS, SKINS, SEEDS OR FIBRE

Begin with MOVIPREP® but the clear fluids can be interspersed with the prep if preferred. It is important to finish ALL the MOVIPREP® and CLEAR FLUIDS.

This solution is designed to give you watery diarrhoea. Your bowel motions will become clearer and clearer and will eventually look like urine, yellow water or beer. Please check the toilet bowl to see whether this is happening. If required apply a water repellent cream (lanolin, Vaseline, Amolin) to your anal area once the diarrhoea commences.

If you are unsure of any aspects of the preparation or you are having an adverse reaction or any problems, ring the number you have been given.

You have now completed your preparation for your examination. It is important to consume **ONLY CLEAR FLUIDS** until otherwise instructed. Remember your **NIL by mouth time** (nothing to eat or drink). This is important for your procedure to be successful.

NIL by mouth from: As per SMS

Excellent Bowel Preparation

Poor Bowel Preparation

Suggested “Low Residue” Menu Plan only

This menu plan is a suggestion only and is not intended for long term use, as it contains fewer vegetables and fruits than is normally recommended.
